Annex B

The role and responsibilities of Cardiff and Vale University Health Board

Background

Cardiff and Vale University Health Board is one of the largest NHS organisations in Europe. We employ approximately 14,500 staff, and spend around £1.4 billion every year on providing health and wellbeing services to a population of around 472,400 people living in Cardiff and the Vale of Glamorgan. We also serve a wider population across South and Mid Wales for a range of specialties.

Our vision is to create a community where your healthy life chance does not depend on who you are or where you live.

We are a teaching Health Board with close links to the university sector, and together we are training the next generation of healthcare professionals, while working on research that will hopefully unlock the cures for today's illnesses.

Our Services

- **Primary and community based services:** GP practices, Dentists, Pharmacy and Optometry and a host of community led therapy services via community health teams.
- **Acute services through our two main University Hospitals and Children's Hospital:** providing a broad range of medical and surgical treatments and interventions.
- **Public Health:** we support the communities of Cardiff and Vale with a range of public health and preventative health advice and guidance.
- **Tertiary centre:** we also serve a wider population across Wales and often the UK with specialist treatment and complex services such as neuro-surgery and cardiac services.

The role of the Board member focuses on four key areas:-

- **Strategy** – to contribute to strategic development and decision-making
- **Performance** – to ensure that effective management arrangements and an effective team are in place at the top level of the organisation. To help clarify which decisions are reserved for the Board and then ensure that the rest are clearly delegated and to hold management to account for its performance in meeting agreed goals and objectives through purposeful challenge and scrutiny, and to monitor the reporting of performance.
- **Risk** – to ensure that financial information is accurate and that financial controls and systems of risk management and assurance are robust and defensible
- **Behaviour** – to live up to the highest ethical standards of integrity and probity and comply fully with the Code of Conduct. Board members should demonstrate through their behaviour that they are focusing on their responsibilities to citizens, the organisations and its stakeholders

The appointment process as well as an interview may include further assessment of suitability for the roles. Further information will be provided in advance to those called for interview.

Candidates who the panel believe are ‘appointable’, will be recommended to the Minister for Health, and Social Services who will make the final decision.
